Conference Positioning

6th International Aviation Management Conference

The 6th International Aviation Management Conference will be held at Emirates Aviation University, Dubai, UAE on 16 – 17 November 2026.

Aim

- Provide a global platform where aviation management professionals, from both industry and academia can come together to discuss key strategic issues facing the industry and present contemporary research findings.

Keynote Speakers

- Will be leaders and opinion-setters from the aviation management industry who are regarded as bench-mark practitioners within their related fields of expertise. Leaders, Presidents, CEO's and Directors of the worlds leading aviation management businesses will also be invited to speak or attend the conference.

Conference topics will include but not limited to:

- Digital Transformation in Aviation
- Technological Innovations and Implications
- Aviation Technology Advancements
- Digital Technologies in Aviation
- AI Applications in Aviation
- Data Analytics for Operational Efficiency
- Airline Operations and Management
- Air Traffic Management Innovations
- Air Cargo Logistics and Sustainability
- Aviation Management and Strategy
- Aviation Finance and Economics
- Human Factors in Aviation
- Aviation Safety and Security
- Aviation Law and Regulations
- Air Transport Policy and Regulation
- Regulatory Landscape in Aviation
- Regulatory Challenges in Emerging Technologies
- Future of Urban Air Mobility
- Biofuels and Green Initiatives
- Aviation and the Sustainable Development Goals
- Aviation Tourism
- Women in Aviation
